

Notice

On 11th December 2021(Saturday), Media & Photography Club is going to conduct an Inter-club Saturday activity under the guidance of Dr. Pramod Kr. Singh & Prof. Shalu Kant, on the theme “Movie, Making with the short storyline”. Activity should be captured within the College campus, moving out of campus for this activity is strictly prohibited. Participants will have the choice to choose his/ her Storyline for movie making. The maximum time limit of the movie should not exceed 10 minutes & should not be less than 2 minutes. Participants can use Mobile or any other gadget at their convenience.

Guidelines for “Movie Making with short storyline”:

1. **Keep it short and simple!** Keep your ideas brief and simple, more so, if it is your short film. Pay more attention to your story, characters and plot. Also, opt for a simple one- genre storyline. Ideally short films have 2 or 3 characters and not more than 2 **locations**.
2. **Props:** This is a good way to come up with ideas for your script. List all the props you can get/ have, and this automatically makes your script easy to produce. Your short film can be centred on a prop too! For instance, you can write about your favourite gadget or on utensils you used.
3. **Real life events:** Take the newspaper, and find some news that interests you. You can create a short film from real-world situations too! It could be financial affairs or a political issue, and form ideas around it. Look for news that has to be explained in detail, and form a plot. The idea would be original, and therefore gather an audience.
4. **Submission:** Videos should be submitted on or before 15th December 2021(Wednesday).
